# Newsletter | JANUARY 2025

## Message from the Managing Director

Turning the page is not just about moving forward; it is about embracing change, setting new goals, and writing a story that reflects our dreams. As we turn over a new page, stepping into a new year of infinite possibilities, let us make this a year of purpose, progress and prosperity

**SATYAM ROYCHOWDHURY**

Founder & Managing Director, Techno India Group

## Value of the Month: Turning The Page

A new year dawns, its pages yet unwritten. As per the Annual Education Report of India, 98.1% of children in the age group of 6 to 14 year olds in India are enrolled in school and that is definitely great news. At the same time, hyper networking, hyper communication and hyper information have transformed us into tech zombies with attention span down to 8 seconds! This year, surround yourself with things that bring you happiness and fill you with inspiration. Find harmony in sport's rhythm, tranquility in yoga's stillness. Let health be your guiding star, dreams your compass and hard work the steady hand that guides your journey.

In this newsletter you will find:

# School Activities

## FUN FEST

TIGPS Durgapur vibed with the ringing of Christmas bells as our students decked up in vibrant red, white and green colours. We proudly hosted the Fun Fest to fill the air of celebration with further thrill and amusement.

Our school remained witness to a string of events including art and science exhibition followed by cultural bonanza as we bade farewell to 2024 and welcomed the New Year. The evening witnessed mesmerizing performances And a beautiful gathering of parents, students and Distinguished guests made it an event of remembrance.

## ANNUAL SPORTS DAY

The school organized 'Annual Sports Day' On 18th January 2025 in the Alloy Steel Plant Stadium where amidst march past, drills and different races the children enjoyed and the 'Teresa House 'emerged as the winner.

## National Youth Day

The school celebrated the birthday of Swami Vivekananda to celebrate National Youth Day. A prayer service was organized with a prayer song and a short speech by the students emphasizing on the importance of the day.

# Eco- Initiatives & CSR

## Adwitiyam

Responsibility is best learned through experience, not magic. On Diwali's eve, students organized a cleanliness drive on local playgrounds and a rally in nearby communities. They spread the message that while Diwali is a festival of light and celebration, it's essential to maintain social responsibility.

This experience helped students understand the significance of a "Safe Diwali," teaching them the importance of the festival and how to celebrate it responsibly and beautifully.

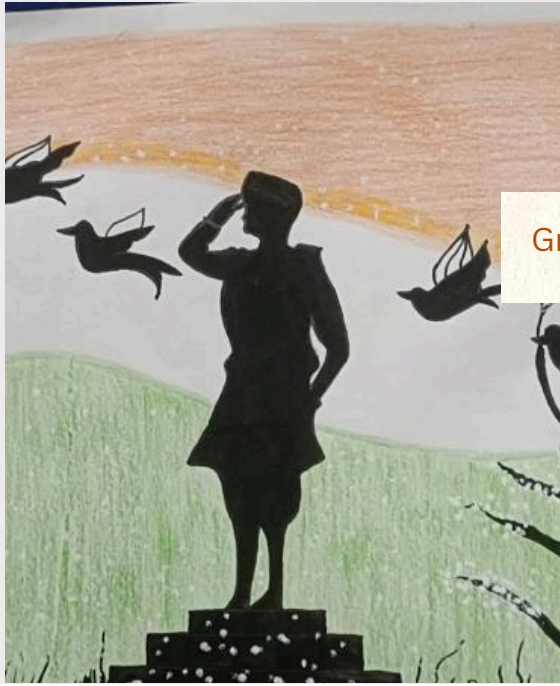

## Visit to Orphanage

As a part of our CSR program, the students reached out to ' Rajbandh Sishu Sadan, -- an orphanage for boys on the eve of Diwali to share with them stationaries, dry food and other essentials . This entire program was not only emotional but enriching which proved again that no challenge in this world is beyond winning, no pain is beyond healing and no joy without sharing.
