

TIGPS- Durgapur Newsletter

JULY 2024

Awakening is a continuous journey of discovery, growth, and enlightenment. Awakening is the freedom that comes from realizing our inner potential—personal, intellectual, emotional, spiritual, and social.

We are committed to fostering holistic awakening in our institutions, encouraging curiosity, nurturing talents, and vigorously pursuing dreams. For students, awakening means recognizing their unique strengths and interests, exploring new subjects, engaging in extracurricular activities, and challenging themselves to achieve new dreams.

As we embrace holistic growth, let us strengthen our belief in the power of an open mind and a willing spirit. In learning, personal growth, or community engagement, awakening unlocks boundless possibilities and transformative experiences. Together, let us awaken to the limitless potential within each one of us.

VALUE OF THE MONTH : AWAKENING !!

Machilakath Abdul Rahim, an Indian from Kerala had spent 18 years in Saudi prison. In a rare show of benevolence and solidarity, Hindus, Christians and Muslims came together to raise Rs 34 crore needed to secure Rahim's release from prison and send him back home . It was an apt Eid-Vishu gift, as the holy month of Ramadan coincided with Vishu, a Hindu festival celebrating Malayalam new year. **Hands raised in prayer for saving life of an Indian** shows the power of unity and compassion. Rahim's mother, Fathima, who has not seen him since the day he left in 2006 is waiting with bated breath for her son's homecoming.

School Activities

Draw as you wish gives an impetus to any pre primer to dive into a World of imagination and bring out their own visions and thoughts to the limelight. The tiny tots with their small fingers carved out their own portrayal of a rainbow

Lady bugs never looked as vibrant as they appeared on the desks of the students .Using paper plates, they created a world of wonder.

The children enjoyed the ‘Pottery Painting’ classes which acted as a patience –enhancing activity enabling the children to enjoy and relax while they engaged themselves in creating their own art.

The activity ‘No Fire Cooking’ was organized for the pre- primary children enabling them to be self- directed and independent.

As the summer exhibits its supremacy, the tiny tots of the Pre Primary celebrated summer fruit, ‘Watermelon’ through a Show and Tell activity .

Eco- Initiatives & CSR

The students from the local village were invited to spend a day of fun and frolic .The school gifted the children school stationaries , new clothes, sweets and had a heart- warming lunch with them. As said that it is never too late to start anything and nothing bigger than helping someone in need .

The staff visited Bapnapara , a remote village in the outskirts of the city with gifts for the children and the common people of the locality. They gifted stationaries , sweets , chocolates, items of basic necessities including sanitary items. The gifts elated the people which was an exhilarating experience.

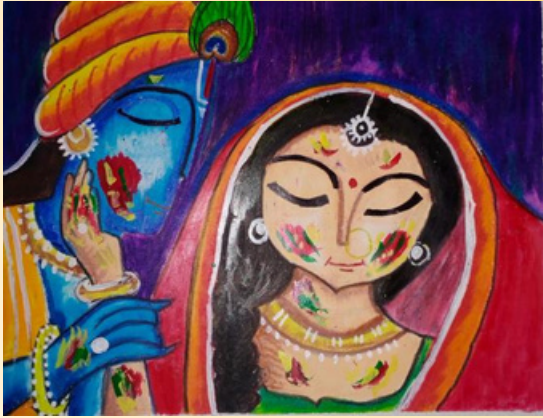

As a part of a community social responsibility program the students of our school participated in plantation programs around the neighbourhood. This not only gave our children an exposure to the responsibilities that are expected of them to follow, it promoted an awareness among the people of the city

Miracles do not happen in a flinch , it takes one step at a time to reach to the zenith. To prepare our students as responsible citizens, we need to start from their budding years. So the school initiated plantation program around the school premises for the tiny tots who planted saplings just like they are, with a promise to grow strong.
